

GEOGRAPHY PAPER 250/3

TIME: 1 ½ HRS

Senior Five

INSTRUCTIONS: *Attempt All Questions*

1. Account for the development of the fishing industry in Uganda
2. Assess the importance of forests to the development of Uganda
3. “Variations in climate is as a result of difference in altitude” Discuss
4. (a) Examine the problems faced by the mining sector of Uganda
(b) What measures have been undertaken to solve the above problem?
5. study the table bellow showing immigration and emigration rate for selected districts in Uganda (1991)

Districts	% Immigration rate	% Emigration Rate
Kampala	57.45	32
Kalangala	40.03	30.83
Kabaale	1.96	35,33
National Average (Uganda)	17.68	1768

Adopted from NEMA (1996): state of the environment Report for Uganda P/56

- (a) Draw a suitable graph to represent the information in the table
 - (b) Account for:
Origin
Destination
5. Explain the effect of migrations on the ears of
 - (i) Immigration rates in Kampala District
 - (ii) Emigration rates in Kabaale District

END

GEOGRAPHY PAPER 250/1

TIME: 1 ½ HRS

Senior Five

INSTRUCTIONS: *Attempt All Questions*

1. Justify the continental drift theory using specific examples from southern continents
2. Examine how Wegner's theory of continental drift explains the formation of the major relief features in East Africa.
3. (a) What is meant by continental drift?
(b) Examine the relevance of Wegner's theory of evolution of continents
4. (a) What is meant by the term plate tectonics?
(b) Examine the effects of plate tectonics on land form development in East Africa
5. Explain the process which led to the formation of the following mountains in East Africa
 - (a) Rwenzori
 - (b) Kilimanjoro
6. (a) Describe the formation of sedimentary rocks
(b) Discuss the importance of rocks to man in East Africa.

END

GEOGRAPHY PAPER 250/2

TIME: 1 ½ HRS

Senior Five

INSTRUCTIONS: *Attempt All Questions*

1. Study the table below showing business and employment industry in Switzerland and answer questions that follow.

Kind of Business	EMPLOYEES		
	Men	Women	Total
Industry food and confectionary	566,161	239,076	805,237
Textile	24,729	23,347	48,076
Wood	31,928	5,209	37,137
Paper	12,941	6,392	19,333
Chemical	48,091	18,352	66,414
Stone, gravel, clay	23,013	2,813	25,826
Metal industry	91,364	19,352	110,716
Watches	31,914	32,680	64,594

- a) i) Calculate the percentage of women employed in each of the business enterprises
ii) Draw a compound bar graph showing the percentage of men and women employed in each business enterprise.
- b) Explain the
 - i) Merits
 - ii) Demerits of using this statistical method
- c) Examine the factors that have favoured the development of the industrial sector in Switzerland

SECTION B

2. Account for the persistence of nomadic pastoralism in Africa
3. Assess the contribution of the mining industry to the economic development of either Zambia or United States of America
4. Examine the factors which influenced industrial development either in Ruhr region of western Europe or the Great lakes regions of North America
5. Examine the factors which have led to the development of the tourist industry in either Switzerland or Kenya
6. To what extent have physical factors been responsible for the development of the forestry industry in either Canada or Scandinavian countries
