PRIMARY FIVE ENGLISH CLASSWORK

Tuesday Lesson: Grammar

Question tags

A question tag is a short question found at the end of a statement. It is used to check the correctness of the statement.

Note: When using question tags, please note the following.

-when statement is positive, the question tag must be negative

-when the statement y is negative, the question tag must be positive.

-a comma is used to separate the statement from the question tag to show the difference between the two.

Examples.

1. Mary went to church, didn't she ?

2. Mary didn't go to church, did she ?

3. Mukasa ate all the food, didn't he ?

4. Mukasa didn't eat all the food, did he ?

Activity.
