3. The children went to the airport because they wanted to see aeroplanes.

Activity 2

Make three sentences using the structure... because... and in line with the vocabulary above.

Passage

Read the passage below and and answer the questions in full sentences.

SOCIAL SERVICES

Social services are the activities provided by the government and non government organizations to make people's lives better. Examples social services are: education, transport, communication, security, water supply and medical care (health).

Different social services are provided by different groups of people for example education is provided by teachers, medical by doctors and nurses, security by the army, police and private security companies, water supply by the ministry of water and sewerage cooperation and done by plumbers then communication services by radio and television companies and newspapers.

When all the services are provided to the people equally, people will have better health, easy movements become literate, live peacefully and there will be easy flow of information in our division. Therefore, our leaders should make sure that social services are provided to all the people.

Questions

1. What are social services? 2. Give four examples of social services in our division.
3. How are hospitals important on our division?
4. Who provides education service in our division?
5. Draw, name and colour any four people who provide services in our division.
