PRIMARY FIVE ENGLISH HOME WORK

NAME: _____

The information below appeared in the Rupiny Newspaper of Saturday, 19th August, 2020. Study it carefully and answer the questions that follow correctly.

The Ministry of Health wishes to warn the general public of a likely rise in the number of covid related cases in the next few weeks. This has been *predicted* due to laxity of the general public who seem not to be interested in practicing the presidential directives that were given in March, 18th 2020.

The Ministry therefore warns the general public against walking without masks, crowding, and failure to wash the hands regularly.

If the above measures are observed, the Ministry believes the spread of corona virus will be completely eradicated from Uganda.

Note: Anyone who will be found without a mask with effect from next month will be arrested immediately and jailed for 3 months.

PS. Ministry of Health

Dr. Eyapu Daniel

28/8/2020

Questions.

1. What's the information about?

2. Who is warned according to the information?

3. In which newspaper did the information appear?
