Isaac wanted to be a doctor, so he joined the health club at school. He found it very interesting as the health worker told the club about First aid and what they should do if there was an accident in the home. At other meetings of the health club, Isaac also learned what to do for shock, and how to treat bites, sprains and burns.

Isaac needed the First aid that he had learned at the health club when his sister Mugoya had an accident at home. Mugoya was boiling some water on the fire to make a cup of tea for him. While she was pouring out the water, she accidentally dropped the kettle. The boiling water splashed on to her leg and over her foot. Mugoya screamed with the pain and shock.

Isaac heard her scream and came running. He saw what had happened and knew he must act quickly to give Mugoya First aid. He remembered that the first thing to do for a burn is to cool the injured part as quickly as you can. By cooling the burnt area immediately, he would make the damage and the painless. Isaac put Mugoya's foot in bowl and poured cold water down her leg. He tried to act as quickly as he could and did not stop to take off her shoes and socks. After about an hour Mugoya was not feeling much pain then they went to the hospital.

And wants me to attend
I will write him back a letter
To say that I accept
With thanks.
